HOBBIES AND INTEREST

I keep up to date with the news, which increases my knowledge of the atmosphere around me. I love to read articles about new development within software on Medium. Enjoying being part of CompSoc Society participating in various events such as Hackathon. I am enthusiastic about football, which I have played as part of a five-a-side team at football tournament, where I play weekly to play sport with my friends. This illustrates good time keeping, dedication to a task and enthusiasm. Many different opportunities of volunteering during the pandemic enabled myself to expand my knowledge further in different areas.
